

April 2006

Dear NEST+m Families,

Here's a fast, effective way to express your opposition to the **New York University, Ross Global Academy Charter School, and the Department of Education's** plan to shoehorn a K-12 school into NEST+m: **CALL 311!** Express your concerns about the DOE and Chancellor Joel Klein putting the Ross Global Academy Charter School at NEST+m. This ill-conceived plan will cause severe overcrowding and destabilization of NEST+m. **311 MUST** log this call and **DOE MUST** respond to your call.

As we write, ads are appearing in newspapers and flyers are being distributed throughout the neighborhood announcing the opening of the new **NYU/Ross Global Academy Charter School**.
